Despite taking the greatest care during production no guarantee can be given regarding the full colour accuracy to the standards supplied due to variable circumstances.

HIGH SOLAR REFLECTIVE COOL COATINGS WHICH RIVESTIMENTO AD ALTA RIFLESSIONE SOLARE
NOTICEABLY COMBINES THERMAL COMFORT CONDITIONS CHE COMBINA NOTEVOLI CONDIZIONI DI CONFORT TERMALI
WITH THE REDUCTION OF ENERGY AND MONEY CONSUMPTION. CON LA RIDUZIONE DEI CONSUMI DI ENERGIA E DI SOLDI

CHARACTERISTICS

- **Reduces the surface temperature of the building envelope** Riduce la temperatura della superficie del rivestimento degli edifici
- **Improves indoor thermal comfort conditions** Migliora le condizioni di confort termali interne
- **Saves money by reducing the needs for cooling** Fa risparmiare denaro riducendo la necessita di raffrescamento
- **Contributes to atmospheric pollution reduction** Contribuisce a ridurre l'inquinamento atmosferico
- **Contributes to confrontation of "Thermal Heat Island" phenomenon** Aiuta a combattere il fenomeno "Isola di Calore"
- **Excellent adhesion and weatherability** Ha un'eccellente adesione e resistenza agli agenti atmosferici
- **Waterproofing** Impermeabilizzante e traspirante
- **Energy Star® Certified** Certificato Energy Star
